Helpful History

By Azby & Scarlett

Maldon Primary School was opened in 1873. Originally there was a church school but the government chose to open a new school. When it opened the school was able to fit 750 students and contained five large classrooms, three small classrooms and a master's office. The highest attendance was in 1950's when the school had approximately 940 students.

Old

New

Over about 100 years there has been changes, renovations and improvements. Soon we come there are more renovations. Everyone is very excited. There will be new flooring, every room will be repainted and there will also be a brand new office. This will all hopefully be completed by term 3. These days we have 205 students attending Maldon Primary School.

School Captains

At Maldon Primary School, we have two grade 6 students selected to be School Captains. They have many roles/responsibilities, so we thought we would interview them.

Nicholas

I wanted to be captain because it's a lot of fun. I like telling others about the school. Sometimes it's hard because I have to speak to different classes.

Grace

I wanted to be captain because it's a great role to practice for high school. I enjoy helping the students have an important role at school.

Jokes

Joke 1: What has four wheels and flies?
A: A garbage truck

Joke 2: What is always coming but never arrives?
A: Tomorrow
