**Dylan:** The poi was amazing and Bernard's speech about following your dreams was inspirational.

**Francis:** I liked the bit when the lady said the dinosaur went for a walk in Castlemaine, and the dinosaur came charging out to eat Harrison's head off!

**Claire:** The Castlemaine State Festival was incredible. There were so many things to do. For our group there was an amazing dance with Bernard then a fabulous play with dinosaur puppets that looked realistic. When we did our artwork there were so many different ideas to choose from.

**Henry:** I liked making the gift boxes.
