

GRANDPARENTS AND SPECIAL FRIENDS DAY

By Olivia

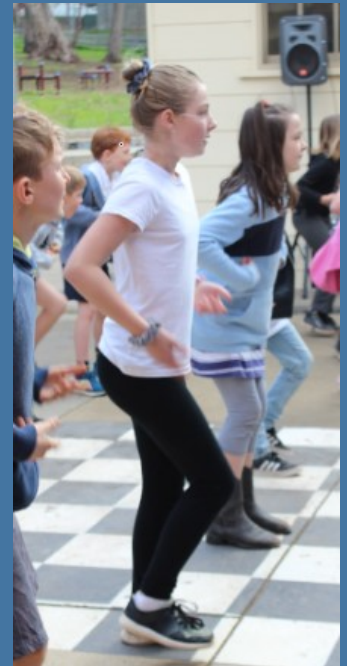

This year on a rainless cheery afternoon, on the 27th of the 6th there was an astonishing Grandparents and special Friends day at the under-cover area at the back of the school. There was a special surprise dance that all of the school have been working very hard on.

For a luscious afternoon tea some of the incredible families put time and effort to make delicious homemade scones with whipped cream and other delicious toppings. For five weeks we had dance teachers, Alisa and Mia they taught

us two different songs for each class. Footsteps is a dance company that teaches kids to learn new skills and become active and creative.

Grandparents and special friends day is a day where we acknowledge the people who come before us. Grandparent's day is where we all care about our grandparents and special friends and they can have fun and remember that we did something amazing for them. We want to connect with our community and share our family experiences.

When I interviewed Florence, Connie, Hazel and Madisyn they both agreed on that their favourite part of grandparents and special friend's day was spending time with their family and friends.

Grace and Eva both said that they like performing for their family.

Levi and Digby said that they both like eating scones with their family.

Everyone enjoyed the day.
