

# FUNDRAISERS

By Sam and Harry

## MANGOES!!!!

This year we did a mango drive again. People picked up trays of yummy, juicy mangoes to gorge themselves on! This money was put into upgrading the school and it's equipment.

## 65 Roses

This fundraiser was to support a disease called Cystic Fibrosis. This name was changed to 65 Roses because that was how a 4 year-old pronounced it. Cystic Fibrosis damages both the lungs and the digestive system. It is usually life threatening. We ended up raising \$106!

## Pie Drive!!!

We also repeated the pie drive this year. Students and their families could order from a seemingly infinite selection of pies and other delicious foods like sausage rolls and doughnuts! Then the money was spent on improving the school.

## Red Sock Walk

This year during remote learning students were asked to wear something red and go for a walk. This was to help support families affected by kidney diseases.

## Hot Lunches!

This year students could get a sausage roll and a juice box for lunch for just \$4.00!
