Singing and instruments

We always do a lot of cultural songs with Desiree. She teaches her students about the history behind each indigenous song, where each instrument comes from and what language they originated from.

Drama

Desiree loves to teach her students to be bold and proud when it comes to drama. She is very enthusiastic with all of the classes and she tries to get the best out of each student.

School Concert

Once every year the school holds a concert. Desiree organises dances, songs and skits for every class. This year, due to Covid, we chose to do the concert online so every one can still have a chance to perform. A special thank you to all of the people that helped get it all together.
